

DPSN/04/Adm/Circ/21-11/423

30th March 2022

Dear Parents,

The academic year is in its last quarter and we look forward to the new session with a new vision of progress and holistic all round development of the students under our care.

With all classes returning to the normal mode we aim to raise the standard of education and make an improvement in the manner and method of teaching keeping in mind the valuable lessons learnt during the pandemic.

We as a school have an obligation not only to our students but also to all teachers, office and support staff, housekeeping, security and bus personnel.

In the last two years owing to Pandemic the school Management had absorbed the losses due to reduction of old schedule of fees and non-payment even of that amount by a section of the students. It was unfortunate that in spite of our umpteen requests some parents continued to ignore the same under the influence of social media and motivated groups. Be that as it may, we are thankful to the majority of parents for supporting the school in these difficult times. Online education was seamless because of your cooperation and we are proud of our students' active participation and achievements.

As we return to the normal mode we have to carry out sanitisation of the campus and classrooms as per Covid protocols. We also need to meet the salary increment, enhanced overall expenditure and also to cope up with phenomenal rise in fuel costs. Hence, we are constrained to increase the school fees from the new academic session, 2022-2023, as per the details given below:

Education Fees:

Class	Current fees	Proposed fees for 22-23 session
Nursery-II	4175/-	4725/-
III - X	4350/-	4900/-
XI - XII	4700/-	5250/-

Transport fees:

Slab	Current fees	Proposed fees for session 22-23
First slab	2400/-	2800/-
Second Slab	2600/-	3000/-
Third Slab	2800/-	3200/-

Looking forward to your support and cooperation as always.

With regards

Sonali Sen
